PROTECT YOUR MOTOR VEHICLES

All motor vehicles can be subject to theft.

Across Peel Region and the Greater Toronto Area, there has been a rise in thefts targeting specific vehicles (shown above) from residential driveways at night. This type of theft is preventable with your co-operation.

- Park your vehicle in the garage, if possible.
- If you have a second vehicle, park it directly behind your Lexus/Toyota/Ford/Honda or Range Rover.
- Use a steering wheel locking device.
- Invest in outdoor security cameras for your home.
- Ensure your property is well lit.
- Install aftermarket products like a GPS tracking device, a "shutoff switch" that can remotely power off your vehicle and an on-board data port lock to prevent thieves from cloning your key.
- Don't leave your key FOBs by the front door. Store them far away from your vehicle.
- Store your keys in a FARADAY/RFID Blocking device when possible.
- Be aware of suspicious vehicles in your neighbourhood and report it to police.

IF YOU OBSERVE A CRIME IN PROGRESS, DIAL 9-1-1

For non-emergencies call 905-453-3311
